

## **ALL THE KING'S MEN**

(written by Kenneth Cope)

All points, He's issued the call  
Fall in ranks—our Captain's recruiting all  
Sending me, sending you  
To the rescue

Last days, so let's go with our might  
Catch phrase: The field's already white  
He's calling you, He's calling me  
To toil with Him and be

### *CHORUS:*

All the King's men—band of brothers  
All the King's men—sons and fathers  
All the King's men—servant soldiers  
All the King's men—rescue warriors

Now, hearts can weaken in a season of peace  
So, how long will we flirt with the enemy?  
He's asking me, He's asking you  
Who's on His side, who?

Sound off, let your allegiance be known  
And spare not, 'cause your courage could save a soul  
He's charging you, He's charging me  
To lead out in this war  
It's what you and I were born for

### *REPEAT CHORUS*
