

## ANDREA

(written by Kenneth Cope)

Andrea—you wear the smile of paradise  
Andrea—you see beyond the stars  
Ever reminding me that angels aren't that far  
My Andrea  
Andrea—you wear the wings of innocence  
It's like you don't belong here on the ground  
But then there might be some of us who'd never reach the clouds  
Without Andrea

### CHORUS:

*And if day turns into gray  
If hope hides far away  
I know an angel I can go to for a smile  
And that haze that has me blind  
Will fade from my mind  
Just from the thought of you  
My Andrea*

Andrea—you're hoping for a better world  
You long to be with Jesus in the sky  
And I believe you're going to see what you desire  
My Andrea  
Andrea—we feared that we had lost you  
Gone without a chance to say "Good-bye"  
But thanks to God you've come back to stay a while  
My Andrea

### REPEAT CHORUS

*When day turns into gray  
When hope hides far away  
Then I remember how I feel when you are near  
And my heart starts to rise  
And light fills these eyes  
All from the thought of you  
From the love of you  
My Andrea*

Andrea—teach me the smile of paradise
